To our Early Learning Community:

We are pleased to introduce you to our new catalog format. Our district early learning services for families with children from birth to five is now located together in one convenient catalog. Within our new catalog, you will find information on classes for: Early Childhood Family Education (ECFE) various preschool opportunities for 3-5 year olds, early childhood screening, aquatics, gymnastics, and other preschool enrichment opportunities and events. We also encourage you to check out our new Community Education website for more information on our early learning services at www.cecool.com.

We hope that you will find this format easy to navigate so that you may be able to discover and take advantage of the many great early learning opportunities offered.

Sincerely,

Joyce Beaird
Early Childhood Family Services Manager

Welcome to ECFE!

Early Childhood Family Education (ECFE) is a family education program unique to Minnesota and is offered in most all school districts within Community Education programming. ECFE helps to support parents through community and early school connection and provides information and ideas that support children’s growth and development from birth to kindergarten.

What is Early Childhood Family Education (ECFE)?

The ECFE program in South Washington County Schools provides a variety of opportunities that support foundational learning, parent involvement and the healthy development of children:

- Parent/Child Classes with Parent Discussion
- Parent/Child Activity Classes
- Family Events
- Home and Phone Consultation Opportunities for Parents
- Community Connections
  - Woodwinds Hospital
  - Washington County Libraries
  - Washington County Childcare
  - WIC
  - Head Start

What are Age-Specific Classes?

Children participating in age-specific classes must be within the age range of the class on the first day the class begins. Each class includes parent/child time, early education opportunities for children, and parent discussion. If you need a class for children of various ages, consider a multi-age class, found on page 5-6.

The Fall, 2015 program begins Monday, September 14th and ends January 15th. Registration is required and begins Monday, August 3rd. Online registration is encouraged, but phone-in registrations will be accepted for those without online access. Please note that phone-in registrations will be placed the same week as online registrations, therefore offering equal advantage for ECFE class placement.

Registration and sliding fee scale information can be found on pages 10-11.

A typical ECFE class with parent discussion has 3 components:

Parent/Child Interaction

During this time, parents and children will participate in activities together that support foundational learning. Parents will discover new ideas that can be replicated at home.

Parent Discussion/Education

Parent discussion provides an opportunity for parents to connect with other parents and discuss and gain relevant information on topics related to supporting children’s growth and development. A licensed parent educator facilitates the parent discussion component.

Early Childhood Education

As parents participate in parent discussion, children are enjoying learning activities planned by a licensed early childhood teacher. The activities that your child will participate in will support your child’s development in primary areas such as: social/emotional, language and literacy, creativity, cognitive, and physical and motor development.

Important Dates

Fall Semester Begins Sept 14
Last Day of Semester- January 15

No Classes

Oct 15,16..........State Workshops
Nov 26,27.......Thanksgiving Break
Dec 4..............Teacher Workshop
Dec 21- Jan 1...Winter Break
The Ever-Changing World of Infants
Non-Separating Classes

Infancy is an amazing and sometimes unpredictable time. Infant classes provide an opportunity for parents to connect with other new parents, asking questions and sharing ideas related to adjusting to a new baby, feeding sleeping and more.

New Parent Connection Drop-In
Woodwinds Hospital
Non-Separating Classes

This class is offered in collaboration with Woodwinds Hospital and is a drop in opportunity for new parents and their infants offered every Tuesday. An ECFE infant specialist/parent educator will facilitate discussions related to the joys and concerns of parenting a new born. A lactation nurse from Woodwinds will also be available to answer questions. This class is free so no registration is required.

Babies Books and Music
Non-Separating Classes

Explore the fun and value of books and music with your baby. Research has shown that early exposure to books, language and music builds a strong foundation for language development, reading and math. Please note that each class will cover materials from the same 7/8-week curriculum.

**This evening Class will be non-separating**

**Toddler Gradual Separation: For this class, parents will experience parent discussion in the classroom for 1st semester and 2nd Semester Parents will separate for parent discussion.**
Birth to Five
Separating Classes
Multi-age classes bring children between the ages of birth-5 years together in a class to learn and play. This class provides the opportunity for siblings to attend the same class together. A range of parenting topics and activities especially designed for all levels of learning can be expected.

Creative Play
Non-Separating Classes
Play is the primary way young children learn. Classroom activities will focus on using open-ended and natural materials to promote creative play. Build, create, explore and discover together.

Mixed Age Play
Separating Classes
This class provides a range of learning activities for two to five year olds. Mixed-age play in particular allows children to learn in two ways, both by modeling the behavior of older children and by “teaching” younger children. Parent discussion will provide a variety of perspectives from parents with younger and older children. Parenting topics will be varied and will include a continuum of development for two to five.

Parent/Child Activity Class
Non-Separating Classes
Parent/Child Activity Classes provide a non-separating experience for parents and children. Together you will explore thematic interest areas for children. Parent/Child activity classes are 6-7 weeks and are offered during the day, evening, and on Saturdays. Check out our Fall series classes:

Sept Series: All Things that Go – explore modes of transportation with songs, books, sensory projects and play.

Nov Series: Our Five Senses – children will learn about the five senses through art, sensory play and fun experiments.

Daddy and Me
Separating Classes
Hey Dads... Wishing there was a time set-aside for just you and your young child? Now there is! This class is just for dads and kids. You’ll spend time working on projects together, play together, and connect with your child. Parent discussion time, will provide you with opportunities to connect with other dad’s on common experiences related to raising children. Children will enjoy this special learning time just with dad.

ECFE Friends
Separating Classes
If your child was not 3 by September 1 but ready for a preschool experience, you may want to try our ECFE Friends class. ECFE Friends provides a supportive transitional experience for young children. First semester provides a parent/child once a week class and then a child only day is added second semester for a two day per week class, one-day with parents and one-day child only. Parent/child days, parents will participate in a parent/child activity time as well as separating for parent discussion. Parent discussion will involve a range of topics relevant to 2.5 to 3 year olds, facilitated by an ECFE licensed parent educator.

Use monthly fee schedule on page 11
STEM SPROUTS
Science, Technology, Engineering & Math Separating Classes
By nature young children are pint-sized Scientists creating experiments with everyday objects, digital natives born knowing how to use Technology in ways adults never imagined, budding Engineers who build anything out of everything, and mini Mathematicians learning about the world of numbers around them. Join us as children practice and develop their skills with STEM based activities in the early childhood classroom. Parents will participate in weekly discussion focused on supporting STEM learning opportunities in everyday life.

Literacy for Young Children Separating Classes
This class will utilize interactive books, songs and action rhymes to focus on early literacy fun and important foundational skills for reading. The parent discussion will include the easy strategies parents can utilize to support emerging literacy. The importance of vocabulary development as well as other skills that are not routinely associated with early literacy will also be discussed.

Brown Bag Parent Series Separating Classes
Bring a bag lunch for these series that focus on trending topics and current research in parenting and raising children today. Participate first in parent/child learning activities, followed by a lunch and parent discussion.

1st Series: The Importance of Nature
Imagine a childhood where creativity, curiosity and wonder are inspired by the natural world. We will see how life revolves around nature—learning from it, about it and within it. Plan to meet at a local park for 2 of the sessions and put learning into practice! This class will focus on books such as “The Last Child in the Woods” and “15 Minutes Outside: 365 ways to get out of the house and connect with your Kids”.

2nd Series: The Power of Play
Play is a serious job! Although it’s sometimes considered frivolous, play is where it all comes together – mind, body and emotion are fully engaged and learning happens! Parents will discover how you can incorporate more unstructured leisure time. This class will focus on books such as “A Moving Child is a Learning Child”, “Unplugged, and “The Power of Play”.

Parenting Together Separating Classes
Co-parenting can sometimes be a challenge. Each parent brings different ideas of what works to raise healthy, successful children. Join us for a class for couples/parenting partners to discuss successful strategies for parenting together. In this class, we will discuss differences in parenting styles, our parenting values, effective discipline strategies and explore ways to support one another parenting together. (Please note that this class is for couples/parenting partners and is structured in a way that encourages both parents to attend all 12 weeks together.)

Preregistration ticket prices:$3/person or $9/family. Join us for live music, dancing, games and entertainment! Bring the family, wear your costume or come as yourself. No scary costumes please. Meet your neighbors and friends at this popular event! Don’t forget the camera!

**Sponsored by:**
ECFE Parent Advisory Council
ECFE Advisory Council
Have Fun… Get Involved…

Become a Member
The Early Childhood Family Education Advisory Council is for parents that are interested in advising on the Early Childhood Family Education program as well as other early childhood services for the South Washington County Schools. The council provides opportunities for involvement in program development and evaluation, outreach efforts, legislative advocacy, fund-raising and special events. Council meetings are held monthly and child care is provided. If you would like more information please call, 651-425-6632.

Other Early Learning Volunteer Opportunities
In addition to Advisory Council, there are many options for becoming involved in volunteering to support your child’s early education and the district early learning programs. Please see our website at www.cecool.com or call 651-425-6632 to view the many ways to become involved.

Questions or Concerns About Your Child’s Development?
If you have questions or concerns about your child’s development and they are birth to age 5 please contact:

Mary Twight | 651-425-6171 | email: mtwight1@sowashco.org

Help Me Grow www.helpmegrowmn.org
Is your child on track? Help me grow helps you known. (And helps you know what to do next.)

Minnesota Parents Know Website: http://MNParentsKnow.info
This website from the Minnesota Department of Education, offers parents A-Z parenting topics and many other resources

Early Childhood Screening
Early childhood screening is required by the State of MN for any child entering kindergarten in a public school and is provided free of charge. Screening is recommended at 3 and is a quick and simple check of how your child is growing and developing. If your child has not yet been screened and is between the ages of 3 and 4, please call Laurie Haugstad to schedule an appointment at 651-425-6175 or go to: www.sowashco.org/Parents/EarlyChildhoodScreening.

Drop-in Playtime!
Class Fee: $4 per child or $10 per family / per visit A special time for you and your child to enjoy learning activities in music, art, large and small motor, early math, language and literature. No preregistration is necessary.

Birth-5yrs | Wed | 12:15-1:15pm | DPC
Birth-5yrs | Fri | 9-10:30am | CP

No Drop-In Playtime:
Oct 16, Nov 27, Dec 4, 25, Jan 1

HOME BASED SERVICE AND SUPPORT
In addition to ECFE classes our teachers are available for private in-person or telephone consultation:

Individualized Parent Information and Family Support
Licensed early childhood teachers are available to help with questions on parenting and child development services tailored to the needs of each family.

Early Learner Connection
Home based consultation and support is offered for Washington County Licensed home day care providers for credits.

New Baby Home Visits
Schedule a visit in your home with a licensed early childhood educator. Get questions answered for you and your baby.

For questions or more information, call 651-425-6636.
ECFE REGISTRATION INFORMATION

Initial Registration Requests – Monday, August 3 through Friday, August 15, 2015
Initial Registration requests will be accepted on our online site beginning Monday, August 3, 2015 through Friday, August 15. While creating your registration request, you will be able to indicate your class preference as well as make an alternate class selection. Payment information will be required during registration, however your payment will not be processed until your registration request is approved. Random computer generated class placement will begin Monday, August 17. After this date, classes will be filled on a first come, first serve basis. Ongoing registrations for fall semester will be taken until December 4th as space is available.

To Register Online
Visit our district community education website at www.cecool.com and click on the early learning tab, click Early Childhood Family Education (ECFE) and then find the Class Registration Categories section on the right. Click on the category in which you wish to register. Once you have found the classes that you would like to register for, add them to your cart. When you are ready to complete your registration, click ‘Check Out.’ When prompted, please login or register as a new user and follow the procedures listed.

Please note: As a result of Minnesota state law, a current copy of your child's immunization record is required to be submitted to the ECFE office to complete your child's enrollment. In addition, a copy of your child's birth certificate is required for district enrollment purposes. If you have questions related to providing your child’s immunization or birth certificate, please call our ECFE office at 651-425-6632.

Alternative to Online Registration
Online registration will provide you with the most efficient processing of your registration, therefore, the Early Learning programs will now only accept online registration requests. If you do not have access online, you may contact our office to register. Please note that phone-in registrations will be placed the same week as online registration, therefore offering equal advantage for ECFE class placement.

Fees
ECFE is a partially State funded program and as a result the district is able to offer universal access based on a sliding fee scale. Review the fee scales on page 11 and determine your fee based on your family income, the hours per class session and the number of weeks the class you are registering for meets. All families will have access to the program and no one is turned away for the inability to pay. Choose the family income category that best meets your family need. Please note: class fees are per child and not per family. If you have questions regarding the fee scale, please call our ECFE office at 651-425-6632.

FAQ Class Registration
What if I only select one choice when registering?
When selecting a class, providing a second and third choice increases the likelihood of ECFE enrollment in the event your first choice is filled. Because the lottery is computer generated, it is important to provide more than one choice.

Is it o.k. to register my child for several daytime classes?
Due to limited space, we ask that you register for one daytime class per child that includes a parent education component.

What if my child fits in the age range during registration but will not fit in the age range when the class begins?
The age range listed is specified for the class and pertains to the first day the class begins. For example, a child enrolling in a toddler class with the age range of 12-24 months must be no younger than 12 months and no older than 24 months on the first day of class. The only exception is the ECFE Friends preschool class in which the age range applies to September 1.

Are registrations confirmed?
Registration will be confirmed through email once all required information is complete. Please ensure that you have an updated email address within your registration so that we may send you a confirmation as well as other information from our ECFE program throughout the year. If you register during the initial registration time line of August 3 through August 15, you will be notified by phone if we are not able to accommodate your first choice.

What if I am registering and I am out-of-district?
Minnesota state law requires that we provide equal opportunity for access in ECFE programs throughout the state of Minnesota. However, if you live outside of Minnesota, residents living in Minnesota will be provided with priority when classes are of high demand. If you are living out of state, since ECFE is a partially State funded program, you will also be required to pay full fee based on our sliding fee scale and the weeks and hours of the class you are attending.

Class Cancellation
If you decide to cancel a class without enrolling in another in it's place, the following refund policy will apply:

Before class begins: $5 processing fee will be retained
After the 1st class: 75% refund
After the 2nd class: 50% refund
After the 3rd class: No refund will be made.

Classes and sibling care with insufficient enrollment may be cancelled prior to the class start date. If this occurs, you would be notified and a full refund would be provided.

No refunds or class make-ups will be made when classes are cancelled due to emergency school cancellations.

Sibling Care
Sibling care is a registration option and is offered for brothers and sisters who are kindergarten age and younger. Registration in sibling care is required for siblings of children attending an age specific class that do not meet the age range listed for the class. Children that are 8 weeks or older must be registered for sibling care. Children up to 8 weeks of age are able to remain with parents in the classroom. Please see the sliding fee scale on page 11 and determine your weeks and hours and review the sibling care column to find your appropriate sibling care payment. Please note that if you have a child who will turn 8 weeks within the class session, you must register them for sibling care even if they are not 8 weeks when the class begins so that the program can make appropriate staffing accommodations.

PRESCHOOL OPTIONS

ECFE Friends
If your child was not 3 by September 1 but ready for a preschool experience, you may want to try our ECFE Friends class. ECFE Friends provides a supportive transitional experience for young children. First semester provides a parent/child once a week class and then a child only day is added second semester for a two day per week class, one-day with parents and one-day child only. On parent/child days, parents will participate in parent/child activity time as well as separating for parent discussion. Parent discussion will involve a range of topics relevant to 2.5 to 3 year olds, facilitated by an ECFE licensed parent educator.

Financial Assistance is available for those that qualify

Pre-K (Age 4) Elementary Sites
4 Star Parent Aware Approved - Highest Possible Rating
The PreK program is for 4 year olds prior to their year starting Kindergarten. The PreK program is located at most elementary school sites and offers a 5 day per week morning or afternoon program. You will find tuition and registration information on our website at www.cecool.com.

Our preschool programs are proud to use practices that best prepare children for kindergarten. www.parentaware.org if you wish to call for more information on our preschool programs, please see page 11 for community education contacts.

For program information call 651-425-6614 for 4’s Pre-K Elem. Sites

3-5’s District Preschool
Community Sites
4 Star Parent Aware Approved - Highest Possible Rating
Children 3 - 5 Years of Age
The 3-5’s Preschool program provides various options for families. Families can choose classes with a parent/child day, a child only experience, 3-5 year old mixed ages classes or evening preschool options. You will find tuition and registration information on our website at www.cecool.com. You can also register online.

ECFE Friends & 3-5 preschool at community sites are held at 3 building locations: the District Program Center in Cottage Grove, Central Park in Woodbury and Valley Crossing in Woodbury

For program information call:
651-425-2701 for 3’s Central Park, Valley Crossing Sites (Woodbury sites)
651-425-6632 for 3’s District Program Center (Cottage Grove Sites)
One and Two Day Preschool Enrichment Classes

Basics to Building and Engineering

Young children love to build! In this unique class they learn to do just that. Our hands-on exploration of simple machines introduces students to the basic concepts of physical science, math & engineering. Lego engineering projects take shape and will amaze our young architects! This course is an all-around adventure for the youngest learners. Students working in pairs will be introduced to simple machines and gears.

Basics to Building: Models that Move

Let your child’s imagination run wild. In this educational hands-on class young students will build models that move. Children will explore gear actions, in addition to swinging, spinning, rotating, and linear motion. We will start with 2D models and progress to 3D Models. This class teaches children about motion we see every day. We will be using the Kid Knex Educational Kits.

Grandparent & Grandchild Mad Mixtures with Mad Science

Chemistry is a type of science that is all about mixing things together and observing cool reactions. Preschoolers love it! Join your grandchild, and experiment by mixing a mini explosion, floating colors, and mix Mad Science color gel to take home.

Star Wars Art Camp at Kidcreate Studio

Obi Wan Kenobi and Anakin would be proud of the Star Wars Masterpieces your young Jedi will create in this camp! We’ll sculpt star fighter, create Yoda inspired art, draw ourselves as Jedi and build with LEGO blocks too! Leave the light sabers at home—glow in the dark paint will be our weapon of choice. May the force be with you! The new Star Wars movie is going to be out in theaters in mid-December!

Think Pink Camp at Kidcreate Studio

Is your child passionate about pink? Fascinated by fuchsia? Mad for magenta? Then this camp is for them! We’ll create all things pink like, flamingos, cupcakes, glittery globes, purses, bubble gum scented silly putty and more. We’ll paint, draw and sculpt our way through every shade of pink. The kids will be tickled pink by the projects in this camp! Not so crazy about pink? No problem. We’ll have plenty of other color options available too.

Parents Night Out
Oct. 16 Royal Oaks  |  Dec. 18 Crestview

The Community Youth Council/Key Club teens would like to entertain your kids while you enjoy a night out! Children will enjoy spending time with high school students eating pizza, playing games, coloring, doing crafts, decorating cookies and watching children’s movies. Children must be out of diapers.

Ages 3-10  |  6-9 pm  |  $12/child

Gymnastics
18mos to 3 years (parent/child class)
3 years and up (child only class)

Our Parent and Child classes promote early development and provide a strong foundation for your child’s critical first three years. Weekly classes will help your child achieve new milestones and prepare for more advanced challenges during each stage of growth and since you’re along for the ride, you’ll be right there to celebrate every discovery with smiles, hugs and the occasional adult-sized giggle. Classes are offered at Park, East Ridge or Woodbury High schools.

Swimming / Aquatics

Classes are offered year round and begin at age 1 with parent and child. As your child progresses to age 3 they will move onto preschool level classes with an instructor until age 4, 5 or 6. Progression will be based on your child’s individual ability to thrive at the next level. Every child has their own pace and we nurture a child’s willingness to do each skill and follow each direction. With each lesson learned we encourage a little more and build on the confidence your child gains. As your child begins to trust their teacher and themselves their abilities will follow. From day one your child’s safety is our number one concern so we welcome parents extra eyes in the observance of class.

Activity Center Birthday Parties

Looking for a fun way to celebrate your child’s birthday? Book a sports theme birthday party at one of our Activity Centers or a gymnastics birthday party at one of our Gymnastic Centers. Available Saturdays & Sundays at various high school locations. Find all the details by clicking “Birthday Parties” under the Facility Use tab at www.cecool.com or call 651-458-6611 for details and availability.
